

# Active School

## February

It was certainly a busy month in our school. We welcomed the spring sunshine for our active breaks. It meant more fun filled activities on the yard. The senior yard loved the boxing bag which is a new addition to the yard stations. Big thanks to all our active leaders who organise the equipment and facilitate the games every lunch time. You are all great!

## Equipment Room

We finally got to label all our equipment. It can be hard to store so much in such a small area but we are lucky to have such a dedicated committee.

## Gymnastics

Our final month of this strand saw lots of wonderful, challenging and enjoyable P.E. lessons. Here are just some of the great action shots from Ms Crosse's 6<sup>th</sup> class. Here you can see they were very busy learning new skills.

10@10

Every class continued to keep up our 10 @ 10 during the day. It was great for rainy days when boys didn't get to go out to exercise. Here are some shots of senior infants in action.

## Active Walks

Third class even got to do some brain breaks while on a trip.

## Boxing

Well done to Rocky from 5<sup>th</sup> class who won a medal in boxing recently. It is great to see boys being active outside of school.

## Hurling

1<sup>st</sup> – 6<sup>th</sup> are back hurling with our wonderful coaches from Cashel King Cormac's every Monday. The boys loved it especially 1<sup>st</sup> as it is their first time. Our u11 and u13 boys train every Wednesday as we have a very busy calendar of matches.

#### SPAR FAI Primary School 5 aside soccer

Mr Taaffe and our FAI soccer coaches have been busy after school training the 5<sup>th</sup> and 6<sup>th</sup> class boys for their blitz. Over 40 boys are training very hard. It is great to see all the boys learn so many new skills.

#### Mrs Slattery's Playground Games

Mrs Slattery continues to use her knowledge of the Smart Moves programme on the yard with the boys from junior infants to second class. We have created a timetable to ensure that all boys get to use the wonderful equipment.

#### Our Committee

The boys are busy planning for our Active School's Week which will take place next month. We are meeting several times a week. The committee are also busy being playground leaders during active breaks. 4<sup>th</sup> Class are also doing a brilliant job as line leaders in the junior yard.
